Wearable Technologies - Show at ispo winter 2011

Exhibitor Information

The Wearable Technologies Show presented by ispo offers a unique stage for marketing new technologies in the sport and lifestyle sector. As part of the core segment trends & innovations, the WT Show represents both a bundled presentation platform for WT products already available on the market and a networking event that couples the sport and lifestyle industry with a wide variety of innovative technology providers.

The Wearable Technologies - Packages

➔ Basic Package

- » Presentation of your products in the WT area of a Design Parcours exhibition
- » Presentation of your products in the WT image film (and DVD version of the film)

➔ Partner Package

The WT Partner Package consists of all of the services included in the Basic Package, plus:

- » Your own sales counter at the WT stand

Package price: EUR 5.500,-

➔ Sponsoring Package

available on request

Optimal media exposure with minimum effort

Media interest in the last Wearable Technologies Shows was extraordinary: The German television channels ZDF, Sat1, Vox, N24, and RTL2 all broadcast items about the shows; articles appeared in newspapers such as the Süddeutsche Zeitung, Münchner Merkur, Frankfurter Rundschau, Stuttgarter Zeitung, and Handelsblatt; and the Internet news sites such as zeit.de, focus.de, heute.de, and news.com also featured reporting on the shows.
