A 2 Permitted exhibits and exhibitors

The exhibitor accepts that the Terms of Participation A and B and the Technical Guidelines are legally binding as soon as an application has been submitted. MMG sends the exhibitor a written placement proposal (stand offer). The exhibitor must accept this placement proposal within the set time limit. The exhibitor's acceptance of the placement proposal represents his contractual offer, from which the exhibitor cannot withdraw once it has been received by MMG. MMG's notice of admission also constitutes its acceptance of contract. As a general rule, the acceptance of contract occurs in such a timely manner as to provide the exhibitor with sufficient time for the appropriate preparation of his or her participation at the given event. The acceptance of contract can occur within a period of up to three months following the submission of the contractual offer. The acceptance of contract can also occur at a subsequent point in time if MMG has informed the exhibitor to this effect in text form prior to his or her submission of the contractual offer. The length of the acceptance period is necessary due to the fact that MMG may have to undertake space reallocation that may affect exhibitors on account above all of the rejection of proposed allocations by other exhibitors and the subsequent submission of applications by other exhibitors. The length of the application acceptance period we have set is necessary because MMG is forced to organise relocations potentially impacting on exhibitors due above all to placement proposals that are rejected and subsequent applications submitted by further exhibitors. Exhibitors do not have a legal claim to admission unless such a claim exists by law. Exhibitors who have not fulfilled their financial obligations vis-à-vis MMG, e.g. in respect of previous events, or have infringed the regulations governing the use of the New Munich Trade Fair Centre or the M,O,C, or the Terms of Participation, may be excluded from admission. MMG is entitled to withdraw from the contract or to terminate the contractual relationship without notice if admission was based on incorrect or incomplete statements by the exhibitor, or if, at a later date, the exhibitor no longer fulfils the conditions for admission.

Only such items as have been declared and admitted may be exhibited. Hired or leased items may not be exhibited. An exception is made in the case of objects which are not part of the given exhibitor's range of goods, but which are required for the exhibitor's display (e.g. for demonstration purposes). No products may be exhibited that were manufactured by way of exploitative child labour as defined under the provisions set out in ILO Convention 182. Co-exhibitors may not be admitted, nor additional organisations represented, unless expressly specified in the notice of admission.

MMG reserves the right to deviate from the type, size, and location of the exhibition area desired by the exhibitor, to exclude certain exhibits from admission, and to impose conditions on admission. The exhibitor's reservations, conditions, and particular wishes (e.g. regarding location, exclusion of competitors, stand construction or design) will be taken into account only if expressly confirmed in the notice of admission. Space will be allocated according to MMG's requirements and the prevailing conditions, and in accordance with the classification system for the trade fair as applied by MMG at its own discretion, and not according to the order in which applications are received.

A 4 Co-exhibitors and additionally represented companies

A co-exhibitor is one who presents his own goods or services, using his own staff, at the stand of another exhibitor (the main exhibitor). This definition includes group companies and subsidiaries. Agents and representatives are not admitted as co-exhibitors.

In the case of an exhibitor who is also a manufacturer, an additionally represented company is any other company whose goods or services are offered by the exhibitor. If an exhibitor who is a distributor displays not only the products of one manufacturer but also goods and services of other companies, then these count as additionally represented companies.

Admission of the exhibitor does not mean that a contract exists between MMG and the co-exhibitors or other companies he represents. Co-exhibitors are admitted against payment. This also applies to additionally represented companies if specified in the Special Terms of Participation B. The exhibitor must make this payment. The amount can also be invoiced subsequently by MMG.

The exhibitor is responsible for ensuring that his co-exhibitors and other companies he represents comply with the Terms of Participation, parts A and B, as well as the instructions of the Trade Fair Management. The exhibitor is liable for the debts and negligence of his co-exhibitors or additionally represented companies as if they were his own. If co-exhibitors make direct use of MMG services, MMG is entitled to invoice the exhibitor for these services. He is jointly and severally liable. The exhibitor may not move, exchange or share his stand, nor surrender it either in part or in whole to third parties, without MMG's prior written consent.

B 2 Permitted exhibits and exhibitors (see A 2)

All domestic and foreign manufacturers and service companies are admitted as exhibitors, as well as companies authorized by the manufacturer to exhibit his products. All exhibits and services must conform to the range of products for this trade fair, and be indicated precisely by name and type in the application. MMG has the final decision. Organizers of joint stands are not exhibitors as defined by the Special Terms of Participation.

B 4 Co-exhibitors and additionally represented companies (see A 1/2/4)

The registration fee is EUR 420 net for each co-exhibitor admitted. This fee includes the following services: one exhibitor's pass; basic entry in the alphabetical list of exhibitors and the entry of **one** product group in the index of products and services in the trade fair catalogue and in the online exhibitor database. Permission for co-exhibitors must be requested in writing. The exhibitor will be charged the registration fee for co-exhibitors. The participation of companies as additionally represented companies (cf. A 4) is as a general rule possible. Participation in such cases is, however, subject to MMG's prior authorization. Permission to participate may be granted only if the additionally represented company concerned would also have been eligible to participate as an exhibitor. There is no charge for additionally represented companies.
