NEW PERSPECTIVES FOR THE ENVIRONMENT

## International presentations and discussions

The forums in Halls A5 (water and sewage management) and C1 (waste and raw materials management) at IFAT ENTSORGA provide exhibitors, associations and partners with an international communication platform for presenting the latest products developments, trends and market analyses—either in the form of lectures or panel discussions. This accompanying programme is integrated right in the heart of the fair; it offers companies a unique opportunity to communicate their products and services to a wider international audience. Attendance at the events in the forums is free to all visitors to IFAT ENTSORGA 2012.
